Additional notes (example: update, reval, changes to exemptions, mapping, increases to value, decreases to value, etc.)

Approximately 1,500 properties were re-inspected in 2008 and early 2009. Any data changes to these properties were made for the 2009 tax year. In addition, the assessed values of condominiums and manufactured housing were reduced for the 2009 tax year to reflect market value changes that were not proportional to the rest of the Town (per RSA 75:8). Current Use (CU) properties are in the process of being reviewed. More detailed and accurate CU reports have been developed to determine number of acres, number of parcels and number of owners. The number of owners has changed from 2008 to 2009. This change is based on more accurate information, not on significant changes in ownership. Forest Land with Documented Stewardship (DS) has been listed as 0.00 acres. Our initial review has indicated a number of properties that were originally filed as DS; however, we do not have any plans that have been updated in the last five years. The owners of these properties will be contacted and asked for updated plans. More detailed information will be provided for the 2010 MS-1.
