Namaske Lake Abutter,

Aquatic Control Technology, 11 John Road, Sutton, MA 01590, Telephone (508) 865-1000, has been contracted by the Namaske Lake Association to chemically treat portions of Namaske Lake in Goffstown for control of non-native milfoil. Portions will be treated with the USEPA/State registered herbicide Navigate (2,4-D BEE), EPA Registration Number 228-378-8959 on or about Tuesday, August 5, 2014, in accordance with Special Permit SP-161 issued by the NH Division of Pesticide Control.

The following temporary water use restrictions will be imposed on the day of treatment:

- No swimming for 24 hours following treatment, within 200 feet of treated areas.
- Do Not Use this water for drinking, irrigation or for mixing sprays for agricultural or ornamental plants until further notice. Some irrigation restrictions may be relaxed, as per the pesticide label, at the discretion of the applicator. These restrictions apply to all intakes within 1,200 feet of the treatment area, and to all wells within 50 feet of the treatment area. Contact Marc Bellaud, Aquatic Control Technology, 11 John Road, Sutton, MA 01590-2509, 508-865-1000, info@aquaticcontroltech.com for information on the release dates of these restrictions or for additional information on the irrigation restrictions.

The shoreline of the lake will be posted with signs warning of the temporary water use restrictions that will be imposed, immediately prior to treatment. If you have any questions concerning this treatment, contact Aquatic Control Technology at the above address.
