GOFFSTOWN, NH 03045

March 27, 2014

Glen Lake Abutter,

The Goffstown Waterways Association has contracted Aquatic Control Technology, 11 John Road, Sutton, MA 01590, telephone (508) 865-1000, to treat portions of Glen Lake in Goffstown with the USEPA/State registered aquatic herbicide Reward (Diquat), EPA Registration Number 100-1091 or Navigate (2,4-D), EPA Registration Number 228-378-8959 to control exotic variable milfoil weed. Final treatment areas will be determined following pre-treatment surveys by NH DES.

A permit application has been filed with the state requesting approval for this treatment program. The application will likely be performed in late June or early September 2014. If a permit is issued, there will be additional notification of the actual treatment date(s) and specific information on certain activities and water uses that will be temporarily restricted as a condition of the permit. Any questions concerning the proposed treatment should be directed to Aquatic Control Technology at the above address.

Those wishing to comment on the proposed application may contact the New Hampshire Department of Agriculture, Division of Pesticide Control to request a public hearing. Comments must be received in writing within 15 days of receipt of this notice.

Based on past experiences, we expect that the State will impose **restrictions** on the use of treated lake water for **drinking** and **irrigation** purposes. The specific use restrictions will be determined at the time the permit is issued and will be communicated directly to you in the notification of treatment that will be sent by certified-mail.

The restrictions extend to direct water intakes located within 1,200 feet of the treatment areas and to wells within 50 feet of the treatment areas. **Intakes (black pipe) that draw water directly from Glen Lake within 1,200 feet of proposed treatment areas WILL be subject to irrigation and drinking restrictions.** If you have a well within 50 feet of the lake or an intake, please let us know by calling our office weekdays at (508) 865-1000 or by emailing mbellaud@aquaticcontroltech.com. Please be sure to reference **Glen Lake** in your email.
