

Goffstown Parks and Recreation Department

Self – Priming Pump / Strainer/ Impeller for summer of 2011

The Town of Goffstown, NH is soliciting price proposals for two self – priming pump systems / strainers / impeller for their Barnard Park swimming pool. The pool holds 210,000 gallons of water and the filter/ pump room is below ground level. We are looking to receive a bid on a cast iron system and plastic system for comparison. We will install the units.

Bid Specification to include:

Two Cast Iron Self – Priming Pump Systems: 5 hp motor 3 phase / Strainer / Impeller
Please include price for delivery or pick up

Comparison

Two Plastic Self – Priming Pump Systems: 5 hp motor 3 phase / Strainer / Impeller
Please include price for delivery or pick up

All proposals must be submitted in a sealed envelope, clearly marked on the outside with the words “Parks and Recreation Self – Priming Pumps” and received prior to 1:30 PM on Friday August 12, 2011 at the Board of Selectman Office, 16 Main Street, Goffstown, NH 03045 and will be opened and publicly read at that time.

Price should hold of 60 days. The town of Goffstown reserves the right to accept or reject any and all bids as well as waive any informality in the best interest of the town.

Rick Wilhelmi
Director of Parks and Recreation
